The Day of: What to Expect

HOW TO GET INTO YOUR SESSIONS

You will be invited into the session room via email 1 hour prior to the start of your session. You can also find your unique joining link in the Outlook Invitation sent to you for your scheduled session.

WHEN TO JOIN

Follow the link in your Outlook Invitation (or email) to join the room 30 minutes prior to the start of your session, this will allow to have time to test your system.

SHARE YOUR SCREEN

Be prepared to share your screen—you will need to close competing applications, especially those that may 'popup' during the session i.e. Outlook, Skype, Slack.

WEBCAM

We highly encourage the use of webcams. It has been noted that attendees respond more positively when engaged with another individual.

IMPORTANT DEADLINES

PRESENTATIONS

We will update the introductory slides for your moderator to read, and will briefly review your content to ensure the focus is educational. We will then return the deck to you prior to the event day. This is the version you will use during your presentation. Also, we will post the slides to the event website, in a PDF version, for attendees to access prior to your session.
